1996 POST SEASON FORMAT

The 1996 Division Series will feature the winners of each of the three divisions and a wild card team squaring off in a best-of-five series.

This year, the home-field advantage of games 3, 4, and 5, will be held at the site of the West and Central Division winners.

The wild card team will be the second place team with the best record and will play the division winner with the best record, unless that team is from the same division as the wild card.

The two winners from each of the Division Series will advance to the best-of-seven League Championship Series, with the winner advancing to the World Series.

The Central Division winner or its opponent in the Division Series will have the home-field advantage for the LCS (Games 1, 2, 6, and 7).

However, if the opponent of the Central Division winner is the wild card, and the wild card wins the Division Series, the West or its opponent will host Games 1, 2, 6, and 7 of the LCS.

Note; The wild card will never have the home-field advantage for the Division or League Championship Series.

The American League has the home-field advantage for the 1996 World Series (Games 1, 2, 6, and 7).

RAWLINGS GOLD GLOVE AWARD® - 1995

Since 1958, the Rawlings Gold Glove Award® has been presented annually to eighteen players, nine in each league, by position. These outstanding players are judged and selected as the best fielding players at their respective positions by the major league coaches and managers prior to the conclusion of the regular baseball season. Managers and coaches may not select players from their own club and only vote for players in their league. Votes are tabulated for Rawlings by The Sporting News. Figure in parenthesis indicates number of times won.

ANAHEIM STADIUM

DESIGN — Three-level structure **SEATING CAPACITY** — 64,593
PARKING FACILITIES — Approximately 15,000 automobiles
STADIUM AREA — 140 acres **FOUL LINES** — 333 feet
BULLPENS — 362 feet **LEFT AND RIGHT FIELDS** — 370 feet
CENTER FIELD — 404 feet **OUTFIELD FENCE HEIGHT** — 8 feet

The 1996 calendar year will mark Anaheim Stadium's 31st year of operation.

Anaheim Stadium was built with "Convenience, Comfort and Courtesy" in mind. Narrow foul territory areas and quickly rising decks keep spectators on top of the action. Gradually inclined ramps and escalators, wide aisles and siestas and helpful ushers make entrance and exiting as uncomplicated as possible.

Three surrounding freeways, 26 entrance lanes from three streets and 28 exit lanes with wide adjacent surface streets make Anaheim Stadium one of the most accessible in baseball. Completion of the Orange "57" Freeway accounted for significant improvement as did the Santa Ana Freeway overpass on State College Boulevard, completed in 1977.

With the departure of the Rams to St. Louis, the Angels remain as Anaheim Stadium's primary tenant. California originally signed a 35-year contract through the year 2001.

Anaheim Stadium was completed in 1966 by the Del E. Webb Company after an August 31, 1964 groundbreaking at a cost of $24 million, including the giant A-frame scoreboard which rises 230 feet. The board was the source of the stadium's nickname — "The Big A."

The Big A board has been preserved and moved to the edge of the parking lot adjacent to the Orange Freeway behind the right field area.

Anaheim Stadium underwent construction in 1979 for additional seating to accommodate the Rams. The facility, now completely enclosed, seats 64,593 for baseball and more than 70,000 for a football contest. The seating capacity prior to construction was 43,250.

A total of 108 executive style boxes, ranging in price from $24,000 to $80,000, were added to surround the rear of the Club Level. In addition to the Stadium Club, there are two other private dining areas designed for groups —the Stadium Pavilion and the Football Press Box.

SPRING TRAINING

On April 1, 1992, the California Angels defeated San Diego, 3-1 in the final exhibition game of spring training. The contest was historic in that it marked the final spring training game for the Angels in Palm Springs, CA, their Cactus League ballpark for 32 years.

On July 25, 1991, the Angels signed a 25-year lease (including two five-year options) with the city of Tempe, Arizona, making Tempe Diablo Stadium their home spring training facility until the year 2017.

Previously housing the Seattle Pilots and Milwaukee Brewers (1969-71), the complex had been the spring home of the Seattle Mariners since its 1977 expansion.

Owned and operated by the City of Tempe Parks and Recreation Department, Tempe Diablo Stadium has been completely rebuilt and renovated with the combined efforts of HOK Sports Facilities Group and the California Angels. Groundbreaking for the "new-look" stadium took place, April 22, 1992 and cost an estimated $5.8 million to complete.

Two-thirds of the funding was provided by Maricopa County and one-third by the City of Tempe. All revenues from food and beverage concessions, parking, souvenirs and in-stadium advertising are shared equally by the City of Tempe and the Angels, while the City receives 20% of revenues from ticket sales.

In addition to the stadium, the complex includes two-and-a-half practice fields. Dimensions of the stadium are 340' down the left field line; 360' down the right field line; 400' to the left and right-center power alleys and 420' to center with an outfield fence height of eight feet. The playing surface is Bermuda natural grass.

In-stadium capacity is 7,285, with 9,785 tickets available for each game (including lawn seats and temporary bleachers). Parking for the stadium includes east and west parking lots with 1,200 paved parking spaces, two disabled entry ways, as well as field and service access.

Dedication ceremonies for Tempe Diablo Stadium took place Feb. 27, 1993, with the first home game, March 7, 1993 against Oakland.

The Angels 1996 spring camp is scheduled to open when pitchers and catchers report Feb. 14. The first full-squad workout is slated for Feb. 20. The team remains in Arizona through March 27.

While the Angels will utilize their new facility in Tempe, the club's minor league program will continue to operate from Gene Autry Park in Mesa, AZ. Dedicated March 1, 1984, the three-diamond complex serves as the spring home of the club's minor league affiliates and the Angels' Arizona Instructional League entry, as well as the Mesa Angels, California's entry in the Arizona State League (Rookie).

Since the inception of the organization in 1961, California had played at Angels Stadium in Palm Springs. The facility was formerly called the Polo Grounds until switching its name in 1964.

On December 19, 1965, the Angels signed an agreement to hold spring training in Holtville, CA, located approximately 10 miles east of El Centro. The club annually spent 10 days to two weeks at the four–diamond complex from 1966 through 1979, before returning on a full–time basis to Palm Springs in 1980.

In 1982 and 1983, California divided spring headquarters between Casa Grande, AZ and Palm Springs.

ITEMS OF INTEREST

REGULATION GAME: A regulation game consists of nine innings unless extended because of a tie score or shortened because (1) the home team needs none of its half of the ninth or any part of it, or (2) because the umpire-in-chief calls the game after five completed innings. A regulation game may be less than five innings if the home team is ahead after the top of the fifth, or takes the lead or ties the score while at bat in the fifth.

TIE GAME: A regulation game that is called by the umpire-in-chief when both teams have the same number of runs in a tie game. Individual player performances are official and entered in the records, but the game does not count in the League standings and may be re-scheduled at a later date.

SUSPENDED GAME RULE:
Rule 4.12 SUSPENDED GAMES

(a) A league shall adopt the following rules providing for completion at a future date of games terminated for any of the following reasons:
(1) A curfew imposed by law;
(2) A time limit permissible under league rules;
(3) Light failure or malfunction of a mechanical field device under the control of the home club (Mechanical field device shall include automatic tarpaulin or water removal equipment);
(4) Darkness because of any law, the lights may not be turned on;
(5) Weather, if the game is called when an inning is in progress and before it is completed, and one of the following situations prevails:
(i) The visiting team has scored one or more runs to tie the score, and the home team has not scored.
(ii) The visiting team has scored one or more runs to take the lead, and the home team has not tied the score or retaken the lead.

(b) Such games shall be known as suspended games. No game called because of a curfew, weather, or a time limit shall be a suspended game unless it has progressed far enough to have been a regulation game under the provisions of Rule 4.10. A game called under the provisions of 4.12 (a)(3) or (4) shall be suspended game at any time after it starts.

(c) By amending NOTE to read as follows:
NOTE: Weather and similar conditions—4.12(a) (1 through 5)—shall take precedence in determining whether a called game shall be a suspended game. A game can only be considered a suspended game if stopped for any of the five(5) reasons specified in Section (a). Any legal game called due to weather with the score tied (unless situation outlined in 4.12 (a) (5) (i) prevails) is a tie game and must be replayed in its entirety.

(c) A suspended game shall be resumed and completed as follows:
(1) Immediately preceding the next single game between the two clubs on the same grounds; or
(2) Immediately preceding the next scheduled double-header between the two clubs on the same grounds, if no single game remains on the schedule, or
(3) If suspended on the last scheduled date between the two clubs in the city, transferred and played on the ground of the opposing club, if possible;
(i) Immediately preceding the next scheduled single game, or
(ii) Immediately preceding the next scheduled double-header, if no single game remains on the schedule.
(4) If a suspended game has not been resumed and completed on the last date scheduled for the two clubs, it shall be a called game.

A suspended game shall be resumed at the exact point of suspension of the original game. The completion of a suspended game is a continuation of the original game. The lineup and batting order of both teams shall be exactly the same as the lineup and batting order at the moment of suspension, subject to the rules governing substitution. Any player may be replaced by a player who had not been in the game prior to the suspension. No player removed before the suspension may be returned to the lineup. A player who was not with the club when the game was suspended may be used as a substitute, even if he has taken the place of a player no longer with the club who would not have been eligible because he has been removed from the lineup before the game was suspended.

4.11(d)
A called game ends at the moment the umpire terminates play. EXCEPTION: If the game is called when an inning is in progress and before it is completed, the game becomes a SUSPENDED game in each of the following situations:

(1) The visiting team has scored one or more runs to tie the score and the home team has not scored.
(2) The visiting team has scored one or more runs to take the lead and the home team has not tied the score or retaken the lead.

DISABLED LISTS: REGULAR DISABLED LIST: The 21 and 30 day lists have been eliminated. The 15 day list may be used for as many players as needed, with the same recertification procedure as in the past. EMERGENCY DISABLED LIST: Maximum number of players on list at one time—no limit. Minimum period of inactivity—sixty (60) calendar days. Players placed on this list after Aug. 1st shall remain there for the balance of the season. Day 1 is *following* player's last game appearance.
Reinstatements may be made beginning Day 16, 22, 31 or 61 repetitively; after minimum period has expired player at any time (except in certain "Emergency"cases...see above).

AMERICAN LEAGUE CURFEWS: No inning of an American League game can start after 1:00 a.m., local time. Any inning started prior to 1:00 a.m. can be completed. Curfews shall be waived for the final series of the season between two teams in each of the cities.

Any game, regardless of length, called because of the time curfew, becomes a suspended game and must be completed from the exact point of interruption before the teams play their next scheduled game against each other.

DEFINITION OF NIGHT GAME: Any game scheduled to start after 6:00 p.m. (i.e. 6:01 p.m., or later), will be considered a night game. If a game is scheduled to start at 6:00 p.m., and is delayed by rain or for any other reasons, it will be considered a day game.

However, both games of a twi-night doubleheader shall be considered night games. When afternoon and night games are played on the same date and separate admissions are charged, they will be counted as one day and one night game, and will not be included in the doubleheader statistics.

BATTING CHAMPIONSHIP QUALIFICATIONS: A batting champion must have 502 or more actual plate appearances, (the equivalent of 3.1 appearances for each of the 162 scheduled games). If, however, there is any player with fewer than the required number of plate appearances whose average would be the highest if he were charged with the required number of official at bats, then the player shall be awarded the batting championship.

EARNED-RUN AVERAGE CHAMPION QUALIFICATIONS: To win the earned-run average championship a pitcher must pitch at least as many innings as the number of games scheduled for each club in his league that season and have the lowest earned-run average.

FIELDING CHAMPIONSHIP QUALIFICATIONS: The individual fielding champions shall be the fielders with the highest fielding average at each position, provided:
(1) A catcher must have participated as a catcher in at least one-half the number of games scheduled for each club in his league that season;
(2) An infielder or outfielder must have participated at his position in at least two-thirds of the number of games scheduled for each club in his league that season;
(3) A pitcher must have pitched at least as many innings as the number of games scheduled for each club in his league that season. EXCEPTION: If another pitcher has a fielding average as high or higher, and has handled more total chances in a lesser number of innings, he shall be the fielding champion.

DETERMINING THE MAGIC NUMBERS: Determine the number of games yet to be played, add one, then subtract the number of games ahead in the loss column of standings from the closest opponent.

DETERMINING BATTING AVERAGE: Divide the number of at-bats into the number of hits.

DETERMINING EARNED RUN AVERAGE: Multiply the number of earned runs by nine; take the number and divide it by the number of innings pitched.

DETERMINING SLUGGING PERCENTAGE: Divide the total bases of all safe hits by the total times at bat (At bats do not include walks, sacrifices, hit by pitcher, or times awarded first base because of interference or obstruction).

DETERMINING ON BASE PERCENTAGE: Add the total of hits, walks and hit by pitches and divide by the total of at-bats, walks, hit by pitches and sacrifice flies.

DETERMINING FIELDING AVERAGE: Divide the total putouts and assists by the total of putouts, assists and errors.

DETERMINING PERCENTAGE OF GAMES WON & LOST: Divide the number of games won by the total games won and lost.

CONSECUTIVE STREAKS: A consecutive hitting streak shall not be terminated if the plate appearance results in a base on balls, hit batsman, defensive interference or a sacrifice bunt. A sacrifice fly shall terminate the streak.

CONSECUTIVE-GAME HITTING STREAKS: A consecutive-game hitting streak shall not be terminated if all the player's plate appearances (one or more) result in a base on balls, hit batsman, defensive interference or sacrifice bunt. The streak shall terminate if the player has a sacrifice fly and no hit.

CONSECUTIVE-GAME PLAYING STREAK : A consecutive-game playing streak shall be extended if the player plays one-half inning on defense, or if he completes a time at bat by reaching base or being put out. A pinch-running appearance only shall not extend the streak, if a player is ejected from a game by an umpire before he can comply with the requirements of this rule, his streak shall continue.

SUSPENDED GAMES: For the purpose of this rule, all performances in the completion of a suspended game shall be considered as occurring on the original date of the game.

"SAVE" RULE: A pitcher shall be credited with a save when he meets all three of the following conditions:
(1) He is the finishing pitcher in a game won by his club, and
(2) He is not the winning pitcher, and
(3) He qualifies under one of the following conditions:
(a) He enters the game with a lead of no more than three runs and pitches for at least one inning, or
(b) He enters the game regardless of the count, with the potential tying run either on base, at bat, or on deck (that is, the potential tying run is either already on base or is one of the first two batsmen he faces), or
(c) He pitches effectively for at least three innings.

DESIGNATED HITTER RULE: A hitter may be designated to bat for the pitcher in any spot in the batting order in any game without affecting the status of the pitcher. The designated hitter must be selected and be included on the lineup cards presented to the umpire-in-chief prior to the game. Failure to do so precludes the use of a designated hitter for that game.

The designated hitter is "locked" into the batting order but may be removed for a pinch-hitter or pinch-runner who in turn becomes the designated hitter, while still in the game, may be used defensively by the pitcher then assumes the batting order of the replaced defensive player, thus terminating the designated hitter role.

The designated hitter is eligible for all American League batting titles.

The designated hitter named in the starting lineup must come to bat at least one time, unless the opposition changes pitchers.

SCORING RULE ON PINCH-HITTERS: A player shall be considered a pinch-hitter only if he enters the game as a substitute batter an then only on his first time at bat which must be before he becomes fielder. If the team bats around and a pinch hitter comes up a second time in the inning in which he first appeared he will not be considered a pinch hitter during that second time up.

A substitute hitter for a Designated Hitter is both a pinch hitter and a Designated Hitter on his first time at bat. On subsequent trips to the plate he is a Designated Hitter only.

EARNED-RUNS RULE: The determination of earned-run is as follows:

An earned run is a run for which the pitcher is held accountable. In determining earned-runs, the inning should be reconstructed without the errors and passed balls; and the benefit of the doubt should always be given to the pitcher in determining which bases would have been reached with errorless play.

Until 1969, the reliever could not be charged with an earned run if he entered the game after the side could have been retired but for an error, no matter how many runs he subsequently gave up in that inning. Now runs, scored by batters who reach base off the reliever are charged as earned on that pitcher's record. They are not, however, shared as earned against the team as a whole. Therefore, a discrepancy may occur between the total earned-runs charged against a team and the sum total of the earned-runs charged against in the individual pitchers of that team.

DOCTORED BAT: A batter is out for illegal action when he uses or attempts to use a bat that, in the umpire's judgement, has been altered or tampered with in such a way to improve the distance factor or cause an unusual reaction on the baseball. This includes bats that are filled , flat-surfaced, nailed, hollowed, grooved or covered with a substance such as paraffin, wax, etc. No advancement on the bases will be allowed and any out or outs made during a play shall stand. In addition being called out, the player shall be ejected from the game and may be subject to additional penalties as determined by his League President (Rule 6.06d).

DETERMINING A "MAJOR LEAGUE YEAR": 172 days constitutes a full year in the major leagues.

MAJOR LEAGUE SERVICE: is credited for each day the player appears on an active roster or major league disabled list or suspended list.
in the case of a player called up from the minor leagues, is credited beginning with the date he physically reports.
in the case of a major league player who is traded and reports in the normal course, service is not interrupted.
in the case of a player sent down to the minor leagues, is credited through the date of the assignment.
in the case of a player who is unconditionally released, is credited through the date waivers were requested.
in the case of a player designated for release or assignment or assignment (MLRs), is credited after the designation, through the date of the actual assignment or the request for unconditional release waivers.
for a player who appears on his club's opening day roster, is credited as the earliest scheduled opener, without regard to the actual opening date of his own club.
is credited at the rate of 172 days per "year," though the season is actually 182 days long.
is not credited during any period or periods of optional assignment totaling 20 days or more during a single season.

ROOKIE QUALIFICATION: A player shall be considered a rookie unless, during a previous season or seasons, he has (a) exceeded 130 at-bats or 50 innings pitched in the major leagues; or (b) accumulated more than 45 days on the active roster of a major league club or clubs during the period of a 25-man limit (excluding time in military service).

PLAYING RULES:
Spectator Interference—batter, runner and other runner(s) will be placed at the base(s) which the umpires feel they would have reached with no interference.

Time—ball is dead, play suspended. This sign used when ball is foul, umpire then pointing to foul territory.

Batted Ball Fair or Foul—if fair, umpire points to fair territory-if foul he raises arms overhead (as in "Time" above) and then turns and points to foul territory, and vocally call "foul."

MEDICAL GLOSSARY

AC Joint — Acromioclavicular joint; joint of the shoulder where acromion process of the scapula and the distal end of the clavicle meet; most shoulder separations occur at this point.
Abrasion — Any injury which rubs off the surface of the skin.
Abscess — An infection which produces pus; can be the result of a blister, callus, penetrating wound or laceration.
Adhesion — Abnormal adherence of collagen fibers to surrounding structures during immobilization following trauma or as a complication of surgery which restricts normal elasticity of the structures involved.
Aerobic — Exercise in which energy needed is supplied by oxygen inspired and is required for sustained periods of vigorous exercise with a continually high pulse rate.
Anabolic Steroids — Steroids that promote tissue growth by creating protein in an attempt to enhance muscle growth. The main anabolic steroid is testosterone (male sex hormone).
Anaerobic — Exercise without the use of oxygen as an energy source; short bursts of vigorous exercise.
Anaphylactic Shock — Shock that is caused by an allergic reaction.
Anterior Compartment Syndrome — Condition in which swelling within the anterior compartment of the lower leg jeopardizes the viability of muscles, nerves and arteries that serve the foot. In severe cases, emergency surgery is necessary to relieve the swelling and pressure.
Anterior Cruciate Ligament (ACL) — A primary stabilizing ligament within the center of the knee joint that prevents hyperextension and excessive rotation of the joint. A complete tear of the ACL necessitating reconstruction could require up to 12 months of rehabilitation.
Anterior Talofibular Ligament — A ligament of the ankle that connects the fibula (lateral ankle bone) to the talus. This ligament is often times subject to sprain.
Anti-Inflammatory — Any agent which prevents inflammation, such as aspirin or ibuprofen.
Arteriogram — A film demonstrating arteries after injection of a dye.
Arthrogram — X-ray technique for joints using air and/or dye injected into the affected area; useful in diagnosing meniscus tears of the knee and rotator cuff tears of the shoulder.
Arthroscope — An instrument used to visualize the interior of a joint cavity.
Arthroscopy — A surgical examination of the internal structures of a joint by means for viewing through an arthroscope. An arthroscopic procedure can be used to remove or repair damaged tissue or as a diagnostic procedure in order to inspect the extent of any damage or confirm a diagnosis.
Aspiration — The withdrawal of fluid from a body cavity by means of a suction or siphonage apparatus, such as a syringe.
Atrophy — To shrivel or shrink from disuse, as in muscular atrophy.
Avascular Necrosis — Death of a part due to lack of circulation.
Avulsion — The tearing away, forcibly, of a part or structure.
Baker's Cyst — Localized swelling of a bursa sac in the posterior knee as a result of fluid that has escaped from the knee capsule. A Baker's cyst indicates that there is a trauma inside the knee joint that leads to excessive fluid production.
Bone Scan — An imaging procedure in which a radioactive-labeled substance is injected into the body to determine the status of a bone injury. If the radioactive substance is taken up by the bone at the injury site, the injury will show as a "hot spot"on the scan image. The bone scan is particularly useful in the diagnosis of stress fractures.
Brachial Plexus — Network of nerves originating from the cervical vertebrae and running down to the shoulder, arm, hand, and fingers.
Bruise — A discoloration of the skin due to an extravasation of blood into the underlying tissues.

Capsule — An enclosing structure which surrounds the joint and contains ligaments which stabilize that joint.
Cartilage — Smooth, slippery substance preventing two ends of bones from rubbing together and grating.
CAT Scan — Use of a computer to produce a cross sectional view of the anatomical part being investigated from x-ray data.
Cellulitis — Inflammation of cellular or connective tissue.
Cervical Vertebrae — Group of seven vertebrae located in the neck.

Deltoid Muscle — Muscles at the top of the arm, just below the shoulder, responsible for shoulder motions to the front, side and back.
Disc, Intervertebral — A flat, rounded plate between each vertebrae of the spine. The disc consists of a thick fiber ring which surrounds a soft gel-like interior. It functions as a cushion and shock absorber for the spinal column.

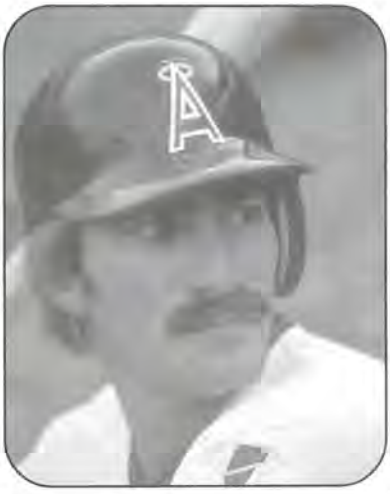
CALIFORNIA ANGELS HALL OF FAME

Bobby Grich, Jim Fregosi, Don Baylor, Rod Carew, Nolan Ryan and Jimmie Reese were the first six inductees into the California Angels Hall of Fame.



Grich, who retired following the American League Championship Series against Boston in 1986, was inducted Feb. 3, 1988. He is one of only two Angels (Brian Downing being the other) to participate in each of the club's three Western Division titles.

Grich officially became an Angel Nov. 24, 1976. The native of Muskegon, MI concluded his Angels career with a .269 average in 1,222 games including 154 home runs and 557 RBI. During his career, Grich compiled the following overall numbers: .266 average, 2,008 games, 6,890 at-bats, 1,033 runs, 1,833 hits, 224 home runs and 864 RBI.

One of California's most popular players, Grich became only the second player in club history to play 1,000 games-or-more (1,098) at one position, joining Fregosi who totaled 1,367 appearances at shortstop. Grich's .997 fielding percentage in 1985 established a major league record for second basemen.

On the date of his induction, Grich ranked among the top three on several Angels all-time lists, including games (third), at-bats (third - 4,100), runs (third - 601), home runs (second), runs batted in (second), extra-base hits (third - 357), hits (third - 1,103), doubles (third - 183) and total bases (third - 1,788).

In 1981, Grich recorded a career-high .304 average and tied Dwight Evans, Tony Armas and Eddie Murray for the A.L. home run derby (22 each). The feat made him the first second baseman to lead the league in home runs since Nap Lajoie of Philadelphia totaled 14 in 1901. He also became the first A.L. second baseman to lead in slugging since George Stirnweiss with the Yankees in 1945 (.476). During the '81 campaign, Grich compiled a career-best 21-game hitting streak (May 21-Aug. 19), the second longest in club annals.

In 1980, Grich was co-winner of the Owner's Trophy, symbolic of the club's Most Valuable Player as selected by the players.

Fregosi, a six-time Angels All-Star, was inducted May 17, 1989. He appeared with the Angels from 1961-71 as a player and then managed the club from June 1, 1978 through May 28, 1981. Fregosi guided the club to an 87-75 finish in 1978 and a second place tie prior to the memorable 1979 season when the Angels captured their first-ever Western Division title at 88-74. For his efforts, Fregosi was runner-up in balloting by the Associated Press for A.L. Manager of the Year. He finished with a 237-248 record managing the Angels (.489).

As a player, Fregosi's career spanned 18 major league seasons during which he registered a .265 lifetime average. He was originally acquired by the Angels Dec. 14, 1960 in the expansion draft from the Boston Red Sox.

Fregosi was voted the Angels Owner's Trophy three time and was a Gold Glove recipient in 1964.

At the time of his induction, Fregosi led on California's all-time lists in the following categories: games (1,429), at-bats (5,244), hits (1,408) and triples (70). In addition, he also ranked second in runs (691), doubles (219), extra-base hits (404) and total bases (2,112).

Baylor, the only Angel to win the American League Most Valuable Player Award in 1979, was inducted on May 26, 1990. He appeared with the Angels from 1977-82. He was a member of the Angels first two Western Division Championships in 1979 and 1982. During his '79 MVP season, Baylor compiled a .296 average with 36 home runs and a league-leading 139 RBI. He also led the league in games played (162) and runs scored (120). His marks in games played, runs scored, RBI and total bases that season are also club single-season records. In the '82 American League Championship Series, he hit .294 with a grand slam and series-high 10 RBI.

Baylor's career spanned 19 major league seasons during which he registered a .260 lifetime average and 338 home runs. He was originally acquired by the Angels Nov. 16, 1976 as a free agent. With the Angels, he averaged 23 home runs and 87 RBI, while batting .262 in six seasons.

Baylor was voted the Owner's Trophy twice (1978 & 1979) and earned All-Star recognition as an outfielder in '79.

Upon his induction, Baylor ranked on California's All-Time list in the following categories: third in home runs (141), fourth in at-bats (3,105), runs (481), RBI (523) and total bases (1,390). In addition, he also ranked fifth in extra base hits (288), hits (813), doubles (140, tied with Carew) and stolen bases (89).

Carew was the 16th player in major league history to collect 3,000 hits (Aug. 4, 1985 vs. Minnesota). He was inducted into the Angels Hall of Fame, Aug. 6, 1991 and the Baseball Hall of Fame in Cooperstown, NY, July 21, 1991.

Carew appeared with the Angels from 1979-85. He was a member of California's first two Western Division Championship teams in 1979 and 1982. His finest season was 1983, when he established a club record for batting average at .339.

Carew's career spanned 19 major league seasons, the first 12 with Minnesota. He won seven batting titles (1969, 1972-75, 1977-78) and the American League Most Valuable Player Award in 1977 when he hit .388 with 239 hits and 128 runs scored.

Carew was named "Rookie of the Year" by the BBWAA in 1967 and selected to the A.L. All-Star team 18 times (1967-84). He is the only Angel to start in five Mid-Summer Classics.

Originally acquired by the Angels from Minnesota, Feb. 3, 1979, Carew ranked 38th on baseball's All-Time lists in average (.328), tied for 35th in games (2,469), 31st in at-bats (9,315), 13th in hits (3,053) and sixth in singles (2,404) at the time of his induction. On California's All-Time list, he ranked first in career average (.314), seventh in games (834), sixth in at-bats (3,080), fifth in runs (474), fourth in hits (968), tied for sixth in doubles (140), tied for seventh in triples (22), 10th in RBI (282), ninth in extra base hits (180), seventh in total bases (1,206) and eighth in stolen bases (72).

Ryan, who became the 20th pitcher in major league history to win 300 games (July 31, 1990 at Milwaukee) and owns a major league record seven no-hitters and 5,714 strikeouts was inducted and had his uniform No. 30 retired, June 16, 1992.

Ryan appeared with the Angels from 1972-79, compiling a 138-121 record and 3.06 ERA in 291 games. Ryan tossed four of his no-hitters with the Angels and holds or shares 20 club records, including career wins, starts (288), complete games (156), innings pitched (2,182), shutouts (40) and strikeouts (2,416). In 1977, he was selected "A.L. Pitcher of the Year" by *The Sporting News* and named to its All-Star team. In 1973, Ryan established a major league record for strikeouts in a single season with 383. He was originally acquired by California, Dec. 10, 1971, along with pitcher Don Rose, outfielder Leroy Stanton and catcher Francisco Estrada in exchange for Jim Fregosi.

Ryan's career spanned 27 seasons, the most in major league history. He began his career with the New York Mets, posting a 29-38 record and 3.58 ERA in 105 games (74 starts) from 1966-71. Following eight seasons with California, he appeared with the Houston Astros from 1980-88, compiling a 106-94 mark and 3.13 ERA in 282 starts. He joined the Texas Rangers in 1989 and finished 51-39 with a 3.43 ERA in five seasons.

Ryan was named to eight All-Star teams (five with California) and appeared in five games, including as starting pitcher for the American League in 1979 in Seattle. He pitched two scoreless relief innings to win the 1989 game in Anaheim, becoming the oldest pitcher to win an All-Star game.

Reese, whose 23 years in an Angels uniform equals longest in club history (Bobby Knoop), was inducted on Aug. 2, 1995.

A former roommate of Babe Ruth, Reese began his career as a batboy for the Los Angeles Angels of the Pacific Coast League in 1917. He broke into baseball seven years later as a second baseman for the minor league Oakland Oaks.

Reese played one more year in the majors (1932 with St. Louis) before returning to the Pacific Coast League in 1933. In three major league seasons, he hit .278, including .345 mark in reserve role for the Yankees in 1930.

Reese played 12 seasons in the PCL (Oakland, 1924-29; Los Angeles, 1933-36 and San Diego, 1937-38) and was honored as all-time second baseman of the league. He set a career fielding record for total chances with 9,890 and led the PCL in fielding three times (1927, 1929 & 1934).

On March 30, 1972, Reese joined the California Angels coaching staff. During his 23 years, he built a reputation for being the most prolific fungo hitter in baseball. In 1989, Reese was selected by the late Commissioner Bart Giamatti to throw out the ceremonial first pitch for the 60th All-Star Game at Anaheim Stadium. In 1992, he was named honorary captain of the American League All-Stars at the contest in San Diego.

Reese (50) became the fourth Angel to have a number retired, joining Gene Autry (26), Carew (29) and Ryan (30).

THE LOS ANGELES ANGELS INAUGURAL SEASON

In the winter of 1960, Gene Autry (the Angels owner from their inception) attended baseball's major league meetings in St. Louis in search of a team to broadcast. He wound up with not only a club to broadcast on KMPC Radio, but also found himself a baseball owner of the expansion Los Angeles Angels.

In 1961, the Los Angeles Angels celebrated their first season of major league baseball. Managed by Bill Rigney, the expansion franchise opened its inaugural season April 11, against the Baltimore Orioles at Memorial Stadium.

Behind the strong pitching of Eli Grba and power of Ted Kluszewski, the Angels rolled to a 7-2 victory. Grba went the distance, allowing one earned run on six hits. Kluszewski hit a pair of home runs and collected five RBI. The Angels scored all seven runs in the first two frames, three in the first inning on back-to-back home runs by Kluszewski and Bob Cerv.

The Angels finished the 1961 season with a 70-91 record. The club's .435 winning percentage established and still stands as the best of any expansion team in major league history.

The Angels played at Wrigley Field in Los Angeles in 1961, then moved to Chavez Ravine (now Dodger Stadium) in 1962 and remained their through the 1965 season. In 1966, the franchise moved south to their new home in Anaheim and will celebrate their 30th anniversary at Anaheim Stadium in 1996.

Following is the box score from the Los Angeles Angels inaugural game and a list of franchise firsts.

ANGELS ORIGINAL PLAYER DRAFT

The Angels drafted a total of 28 players from the existing American League clubs on December 14, 1960. Owners of the new Los Angeles and Washington clubs as well as their recently appointed front offices and field bosses — General Manager Fred Haney and Manager Bill Rigney of the Angels and General Manager Ed Doherty and Manager Mickey Vernon of the Senators — attended the session held in the league offices.

A price of $75,000 was set on the players to be picked and both of the new clubs were required to select 28. The players were picked by categories, starting with pitchers, then catchers, infielders and outfielders. A toss of the coin determined which club had first choice in each group, and then they alternated. Haney won the toss for three positions — all but for outfielders.

Besides the 28 regular selections by both clubs, Los Angeles bought two players from the special minor league pool at $25,000 apiece and Washington grabbed three. Thus, the Angels paid $2,150,000 for their 30 players and the Senators shelled out $2,175,000 for their 31 players in the unprecedented distribution.

Following is the order in which the Angels players were selected:

1. Eli Grba, p, NY
2. Jerry Casale, p, BOS
3. Duke Maas, p, NY
4. Tex Clevenger, p, MIN
5. Bob Sprout, p, DET
6. Audrey Gatewood, p, DET

14. Ken Aspromonte, inf, CLE
15. Ken Hamlin, inf, KC
16. Gene Leek, inf, CLE
17. Jim Fregosi, inf, BOS
18. Bob Cerv, of, NY
19. Ken Hunt, of, NY
20. Jim McAnany, of, CHI
21. Earl Averill, c, CHI
22. Faye Throneberry, of, MIN
23. Ted Kluzewski, inf, CHI

ANGELS IN THE COMMUNITY

The California Angels have never lost sight of the importance of the off-field impact it has on the surrounding communities of Orange and Riverside counties. As a good corporate citizen, the Angels have exerted their presence by combining financial support, in-kind services, community programs and personal involvement by players, coaches and front office staff.

Community involvement range from Rookie Baseball for underprivileged children to staying in school, literacy, education and drug abuse programs.

The crown jewel of the Angels commitment to give back to the community is the organization's official charity, "Angels Care." Since its inception two-plus years ago, Angels Care has raised over $700,000, with every penny returned to benefit more than 40 non-profit youth groups.

A fund of the Robert R. McCormick Tribune Foundation, Angels Care guidelines focus primarily on children's programs to accommodate the diverse needs throughout Orange and Riverside counties. The Foundation offers incentives in the form of matching dollars to increase contributions from the public and corporate world for charitable purposes.

Other highly successful programs under the Angels community umbrella include a Speakers Bureau, comprised of former players, current players and front office staff; the California Angels Community All-Stars, a program coordinated by the Los Angeles Times in Education and the ball club; a series of free baseball clinics held throughout the community and the Orange County Register's Angels Award program, saluting individuals who cared enough to help others.

In addition, the Junior Angels Club, with a membership of over 3,000 boys and girls, joined forces with the National Childhood Cancer Foundation two years ago to help raise funds for their "fellow teammates" stricken with cancer. The Angels Little League program is second to none. A combined total of 55,000 Little Leaguers attend four special dates throughout the season.

Other programs include Project Learn, Kinder Caminata, Programa Shortstop, Stop-Gap, Player Wives Canned Food Drive and numerous pre-game field recognition for prep and collegiate athletes and scholars.

The Angels have taken a proactive approach in support of the community and continue to add significant youth programs on an annual basis.
